To Whom It May Concern

ASBESTOS-FREE STATEMENT

This statement applies to our entire range of glue/glycerine gasket paper materials branded Flexoid®, Sizoid®, Oakenstrong®, Firefly® and all other brand names.

Jointine Products (Lincoln) Limited is a leading global manufacturer of cellulose paper gasket material, impregnated in a glue/glycerine mix. All materials produced by Jointine Products (Lincoln) Ltd are 100% asbestos free.

We recognise that asbestos is still utilised in some of the developing economies, and for this reason we are careful to develop long-term relationships with our suppliers to ensure they can meet our demands and expectations in this respect. Our kraft paper, the only fibrous material used in our production process, is sourced ethically from within the EU where the use of asbestos is banned.

Mrs Jane Smith
Managing Director
